

CERTIFIED NURSING ASSISTANT (CNA) Application Packet

This program is designed to prepare students to provide basic health care in hospitals and nursing homes. The program will provide training experience and educational opportunities that will benefit you and your community. To enroll in the program you must complete this application packet in its entirety.

<u>STEP 1:</u> An application package must be completed with all supporting materials attached. Incomplete application packages will not be considered for enrollment. The CNA program is extremely competitive and space is limited.

STEP 2: A limited number of applicants will be invited to attend an orientation where they will receive additional information about completing the process to register for classes. If you are invited to an orientation but do not attend your application will be considered void and you must complete the process again to be considered. Again, all of the application must be filled out with required attachments or the application is void.
