Director for  
Work-Based Learning

# Ability to Benefit

Ability to Benefit (ATB) is a provision of the Higher Education Act (HEA) that allows adults without a high school diploma or equivalency who are participating in a career pathway program at a Title IV eligible institution to have access to federal financial aid.

In order to be eligible for ATB, a student must demonstrate that they are college-ready by:

1. Passing an ATB- Approved Standardized Test;
2. Successfully attaining 6 college credit hours; OR
3. Completing a State Process as approved by the Secretary of Education

# How Students Qualify for Ability to Benefit (ATB)

Requirements (all options)	Option 1 - test	Option 2 – 6 credits	Option 3 – state-defined process
Must be beyond the age of compulsory education (Can not be dual credit student)	All requirements AND achieve a pre-determined score on an US Dept. of Education approved test.	All requirements AND successfully complete 6 credit hours of college level course work.	All requirements AND follow Illinois’s State Plan
Must demonstrate financial need			
Have a valid SSN			
Must be a US Citizen or eligible non-citizen			
Must be enrolled in an eligible degree or certificate program			

# STATE-DEFINED PROCESS

ATB Alternative Method

# Benefits of the State-Defined Process

- ✓ Eligibility criteria is more flexible for adult students
- ✓ Creates additional awareness, support, and accountability for ATB implementation

# Why utilize the state plan for ATB?

- Many students struggle with tests
- 6 hours of credit can be expensive
- State Plan requires wrap around services that are already built into IET/ICAPS
- State Plan offers another option for students to start, or continue, their postsecondary experience
- State Plan provides another path for enrollment to help increase student numbers

# Use with IETs/ICAPS

The State-Defined Process is intended to be used along with Integrated Education and Training (IET) programs. These are also call ICAPS in Illinois.

IETs have 3 basic components:

1. Adult Education
2. Workplace Preparation
3. Workforce Training

Utilization of ATB can help pay for the credit education/training in the chosen career pathway.

# Plan Elements

- Background
- Participating Institutions
- Program Design
- Student Eligibility
- Required Student Services
- Success Rate- Accountability
- Data Collection and Reporting
- Monitoring
- Corrective Action
- Termination Clause
- Appendix A: Institutional Participation Form
- Appendix B: Eligible Career Pathways

# Program Design

- To be administered in a career pathway system
  - *Eligible career pathway sectors identified in Appendix B of Plan*
- Utilize ATB during IET implementation
- IET is adult education and literacy, workforce preparation, and workforce training “each of sufficient intensity and quality, and based on the most rigorous research available, especially with respect to improving reading, writing, mathematics, and English proficiency of eligible individuals” that “occur simultaneously,” “use occupationally relevant instructional materials,” and are “organized to function cooperatively” with “a single set of learning outcomes” (34 CFR §463.37).
- Strong wraparound supports
- High School Equivalency coursework is recommended for students as improvement in these skills lead to more likely success in college and better employment opportunities.

# Ideal Candidates

- *are enrolled in an Early School Leaver Transition Program or an ICCB approved Alternative Methods of Credentialing for High School Equivalency programming OR*
- *have successfully completed a Bridge Program within Adult Education*

# Required Student Services (of all State-Defined Processes approved by DOE)

Follow Up

# Student Eligibility

**Assessment of each student's existing capabilities through means other than a single standardized test.** Institutions need to utilize two or more assessment methods as provided below. Potential assessment methods include:

- GED Ready practice tests
- Instructor or employer referrals
- High school transcript review
- HSE and ESL assessments
- Writing samples
- Student interviews

Evidence must be documented in the student file. This information may be requested as part of the monitoring conducted by the ICCB.

# Success Rate- Accountability

*State-Level Requirement: ATB enrolled students must have a success rate that is within 95% of the success rate of students with high school diplomas (non-ATB students).*

The number of students during the applicable award year enrolled who-

- (i) Successfully completed education or training programs;
- (ii) Remained enrolled in education or training programs at the end of that award year; or
- (iii) Successfully transferred to and remained enrolled in another institution at the end of that award year.

DIVIDED BY

- The number of students who enrolled in education or training programs in participating institutions during that award year who remained enrolled (minus the number of students who subsequently withdrew or were expelled from participating institutions and received a 100 percent refund of their tuition under the institutions' refund policies.)

# Success Rate Example

- Students with high school diplomas:
- NUMERATOR: 720 students with HSD/E enrolled in participating institution in education and training that academic year AND either (1) successfully completed their program, (2) remained enrolled at the end of the AY, or (3) successfully transferred and remained enrolled at the end of the AY.
- DENOMINATOR: 1000 students with HSD/E who enrolled in participating institution in education and training programs that AY, (excludes students who withdrew or were expelled during the AY and who received a 100 percent tuition refund)

# Success Rate Example

- Students without high school diplomas:
- NUMERATOR: 13 students without HSD/E enrolled in participating institution in education and training that academic year AND either (1) successfully completed their program, (2) remained enrolled at the end of the AY, or (3) successfully transferred and remained enrolled at the end of the AY.
- DENOMINATOR: 19 students without HSD/E who enrolled in participating institution in education and training programs that AY, (excludes students who withdrew or were expelled during the AY and who received a 100 percent tuition refund).

# SUCCESS!

- Success Rate for those with High School Diplomas:  $720/1000 = 72\%$
- Success Rate for those without High School Diplomas:  $13/19 = 68.4\%$
- Success rate for those without HSD must be 95% of success rate for those with HSD ( $.684/.72 = 95\%$ ). Example Institution meets success rate for the AY!

# Data Collection and Reporting

- Each college will submit data to ICCB as usual each year
- Annual Implementation Reports due August 30 each year
  - *career clusters and program of study ATB students are participating in,*
  - *types of industry credentials earned, college credentials earned,*
  - *dates of ATB orientation offered,*
  - *how many of each assessment option was utilized,*
  - *tutoring and other academic and career planning services offered*

# Accountability and Oversight

## Monitoring

*ICCB staff review reports annually*

*Cyclical review to ensure compliance with requirements*

- Eligible career pathway program elements
- Required student services
- Methods of assessment
- Review of institutional success rate

## Corrective Action Plans

*Corrective Action Not Required:*

- 95% Success Rate or higher each year
- 91%-94% Success Rate for one year (added to Watch List)

*Corrective Action Required:*

- Less than a 95% Success Rate for two consecutive years
- 90% or lower Success Rate in one year
