# ICAPS: Integrated Career and Academic Preparation System

*Your Path to a Brighter Future.*

ICAPS is an academic support program that enables students to receive the help and skills they need to succeed. Our efficient and effective system connects individuals with specific, high-demand employment opportunities.

## **Students Benefit From:**

- Skilled Teachers & Advisors
- Support Textbooks & Materials
- Multi-Lingual Support
- Highly Employable Skills
- Possible College Credit Courses
- Industry Specific Certifications
- Possible Financial Assistance
- Career Counseling

## ICAPS Certification Courses at {Insert Location} Include:

- Office Technology Specialist
- Industrial Welding
- Culinary Arts

## Is ICAPS for me?

Employers in all industries across the state are seeking qualified employees. If you have the right support and skills, you can get a job within industries such as healthcare, manufacturing, food service, or technology. ICAPS enrollment can make that happen. We offer:

- Courses and support to achieve industry-recognized certifications
- Opportunities to gain new, employable skills or to enhance the current skills
- Guidance and job options that will work for your specific life situation

**Programs throughout the state offer unique opportunities that combine core courses, critical training, and support services so individuals can enter the workforce successfully. Here are a few examples of students who have benefitted from the ICAPS program:**

- **Chantel T.** Chantel took the courses she needed to get up to speed with math and science so she could join the Medical Assistant Program. In two semesters, she became certified and now has a full-time salaried position at a physician's office.
- **Tony M.** While completing the High School Equivalency program, Tony became a certified welder and now works in a manufacturing plant in Joliet. He is self-sufficient, debt-free, and saving for a new truck.
- **Shanja Z.** During her English as a Second Language course work, Shanja enrolled in the Certified Nursing Assistant Certification program. She can now work as a CNA at any hospital or care facility in the State of Illinois.

The ICAPS program is an effective way to move into meaningful and valuable employment. Enrollment is easy and each program offers unique benefits for those who participate.

**The future is bright!**
