ICAPS Certification Courses at Carl Sandburg College Include:

- Certified Nursing Assistant (CNA)
- Automotive Technology
- Computer Numeric Control (CNC)

Is ICAPS for me?

Employers in all industries across the state are seeking qualified employees. If you have the right support and skills, you can get a job within industries such as healthcare, manufacturing, or technology. ICAPS enrollment can make that happen.

We offer:

- Courses and support to achieve industry-recognized certifications
- Opportunities to gain new, employable skills or to enhance the current skills
- Guidance and job options that will work for your specific life situation

Programs throughout the state offer unique opportunities that combine core courses, critical training, and support services so individuals can enter the workforce successfully. Here are a few examples of students who have benefitted from the ICAPS program:

•Vielca has been working with Rachael, one of our ELL instructors in Monmouth while taking classes at Carl Sandburg College to become a Certified Nursing Assistant. She will be able to work as a CNA at any hospital or care facility in the State of Illinois.

•Nathan completed the Regional Alternative Education Services (RAES) program in Galesburg. He was dually enrolled in the Automotive Technology ICAPS program at Carl Sandburg College. He appreciates the opportunity to have help paying for his schooling.

•Nadeige, from DRC Congo, Africa, speaks French and three other languages. During her English Language course work in Monmouth, she enrolled in the Certified Nursing Assistant Certification program. She has learned the difference between the metric versus Imperial system.

The ICAPS program is an effective way to move into meaningful and valuable employment. Enrollment is easy and each program offers unique benefits for those who participate. ICAPS is an academic support program that enables students to receive the help and skills they need to succeed. Our efficient and effective system connects individuals with specific, high-demand employment opportunities.

The future is bright!
